

Charges for CMST Music Therapy from September 2022

Please see below table or rates charged for weekly sessions.

A normal individual therapy session is for 1 hour per week. Where a payer is funding therapy for multiple clients/for a longer weekly session, there is a sliding scale.

In addition we are offering a slightly lower rate for online sessions and a rate for clinical supervision.

We are able to design, and quote for, a package of music therapy delivery including meetings prior to sessions, a specific number of music therapy sessions, feedback and written reports (where required). Please contact Liz Eddy leddy@cornwallmusicservicetrust.org if it would be helpful to have a quote for a package of work rather than an hourly rate.

Music therapy session rates: (in person sessions where the music therapist goes to the client):

Weekly Hours Booked	Equivalent Hourly Rate
1	60
2 to 5	55
6 (day rate)	50

Group session rate:

Weekly Hours Booked	Equivalent Hourly Rate
